

St. Marcus Lutheran School Chromebook User Agreement

KINDERGARTEN & PRIMARY GRADES: 2022/2023 SCHOOL YEAR

Receiving and Returning Chromebooks

1.1 Receiving a Chromebook

1. If needed, each student will receive a chromebook and AC charger.
2. Parents/guardians and students must sign and return the chromebook User Agreement before a chromebook is issued to the student.
3. Chromebooks will be labeled in a manner specified by the St. Marcus computer department (or Rescue Dog); this will include the serial number. Labels may not be removed from the laptop. Personal customization of the device is prohibited.
4. The chromebook is the property of St. Marcus. The student should have no expectation of privacy of materials found on a chromebook.
5. Please note: Students are not allowed to install other operating systems or alter the Chrome OS on the device.

1.2 Returning a Chromebook

1. Chromebooks and all STM-owned accessories will be returned during the final week of the school year so they can be checked for serviceability.

Taking Care of a Chromebook

Students and families are responsible for the general care of the chromebook they have been issued by STM. Chromebooks that are broken or fail to work properly must be serviced by the St. Marcus Computer Department (Rescue Dogs) staff for an evaluation of the equipment.

2.1 General Precautions

1. Avoid using any sharp object(s) on the chromebook. The chromebook will scratch, leading to the potential for needed repairs.
2. Chromebooks do not respond well to liquids. Avoid applying liquids to the chromebook.
3. The chromebook can be cleaned with a soft, lint-free cloth. Avoid getting moisture in the openings. Do not use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives to clean the chromebook.
4. Do not attempt to gain access to the internal electronics or repair of a chromebook. If a chromebook fails to work or is damaged, report the problem to your teacher or administrator immediately.
5. Never throw or slide a chromebook.
6. Always open the chromebook from the center of the screen and not from the corners. Opening the device from the corners creates additional stress on the screen and may lead to the screen cracking.
7. Cords and cables must be inserted carefully into the chromebook to prevent damage.
8. Chromebooks and cases must remain free of any writing, drawing, or labels that are not the property of STM.
9. Chromebooks have a unique identification number and at no time should the numbers or labels be modified or removed.
10. Chromebooks must never be left in the open, in an unlocked car, or in any unsupervised area.
11. Chromebooks should be placed vertically on a locker shelf or in a backpack/book bag to avoid putting any pressure on the screen.
12. Chromebooks must not be left in a vehicle or a location that is not temperature controlled.
